

DESTINY DOWNS

EQUINE INNOVATIONS

www.destinydowns.net.au

Destiny Downs is set on 40 acres at Lemnos, just outside Shepparton, in the heart of Victoria's richest Goulburn Valley region. It offers modern facilities, irrigated paddocks with electric fencing which all have easy access to modern holding yards and crushes, ensuring the safety of all stock.

Ross has a long history in farming and horses being a son of Keith Pike, who campaigned the legendary pacer 'Just To Good' through the 1970's, and a nephew of Colin Pike, of 'Paleface Adios Fame'.

Ross has stood stallions at stud, worked in racing stables, managed agistment farms & studs. Since moving to Victoria Ross has been contracted to educate foals, weanlings & yearlings at Alabar Bloodstock, Concord Park & other prominent breeding establishments. More recently he was manager of Concord Park & Farm manager & stallion handler at Empire Stallions.

Sherrie is certainly no stranger to the horse business either. She worked at the Goulburn Valley Equine Hospital for 4 years. Nursing for Jim Vasey in surgery / foal intensive care unit and assisting Angus Mc Kinnon with embryo transfer and frozen semen procedures.

She has presented horses for Royal Show level for many years, and her sale day preparation of yearlings is second to none.

The combined experience that Ross & Sherrie offer will ensure your horse receives the best care possible.
